OBJECTIVE

Passionate Java Full Stack Developer seeking an opportunity to develop robust applications and enhance user experience through clean and efficient code.

EDUCATION

Sagar Institute of Research & Technology - Excellence

2022 - 2026

Bachelor of Technology in Computer Science & Engineering, Bhopal

CGPA: 8.11 / 10

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML, CSS

Frameworks: Spring Boot, React

Database: MySQL, H2 Database

Tools: Git, GitHub, Vite, REST APIs, Railway, Netlify/Vercel

Concepts: OOPS, Data Structures and Algorithms

PROJECTS

Retail Billing Software

November 2025

- Developed a full-stack billing system with product management, invoice generation, and secure database integration.
- Implemented REST APIs for seamless frontend-backend communication and optimized database queries for faster transactions.
- **Tech Stack:** Java, Spring Boot, MySQL, AWS Console, React, CSS, JavaScript

Audio To Text Transcriber

February 2025

- Built a backend service to convert audio into text using AI-based transcription APIs.
- Designed REST endpoints for file upload and real-time transcription with efficient error handling.
- **Tech Stack:** Spring Boot, OpenAI API, React, CSS, JavaScript

Soccer League Fantasy

January 2026

- Developed a full-stack fantasy sports platform with team selection, player management, and live data handling.
- Built responsive UI using React and integrated RESTful APIs with efficient state management.
- **Tech Stack:** React, Vite, Spring Boot, MySQL, Java

CERTIFICATIONS & EXTRA-CURRICULAR ACTIVITIES

- **Project Based Learning through Python** Apr 2024 – May 2024
Completed a 6-day value-added course focused on building real-world projects using Python. (Coding Thinker)
- **Rank Holder (2 Times)** October 2024 – May 2024
Achieved top academic rank in college for outstanding performance.
- **International Conference Presentation** 14 March 2024 – 15 March 2024
Presented on "Virtual Reality vs Augmented Reality" at an international conference on recent trends in Computer Science, Engineering, and Technology.

LEADERSHIP & SOFT SKILLS

- Collaborated effectively in team environments, contributing to planning, coding, and testing phases.
- Communicated technical concepts clearly during project development and presentations.
- This is my PORTFOLIO - [Portfolio Website](#)
